Design Trends: Bright Ideas

BY NANJI THEORET

May's *Design Trends* celebrates brightness, an idea inspired by a visit to Angela's Fine Furnishings at Miromar Design Center, Estero. Proprietress Angela Lossia's showroom was ablaze with glowing shades of raspberry and fuchsias and yellows, that latter represented in an array of cheerful poppy-

shaped fused-glass platters (dishwasher safe, \$720) and studded leather chair. White upholstery gets its comeuppance with colorful pillows like this raspberry pagoda print from Stuart Lawrence (\$209).
